UNDERGRADUATE ADMISSION PROCESS

All students must apply to the College, and be admitted, prior to registering for any classes.

To be considered for admission, students must submit:

- Completed application form
- Completed personal statement (typed, double-spaced, approximately 200 words in length)
- All official college transcripts (transcripts are considered official only if they arrive in our office in sealed envelopes from the institution)
- High school transcript or GED certificate (required if transferring less than one year of transferable college credit). All applicants must have the equivalent of a high school degree to meet the minimum application requirements.

No minimum college course credits are required for admission to Augsburg College undergraduate programs - with the exception of the BSN completion program, which requires a two-year RN degree prior to admission. The admissions board will review applications for admission and contact the applicant within **one week** of file completion. New students then meet with an academic adviser to create their education plan, complete any assessment tests required, and register for classes. Online registration is open to current students only. Coursework completed outside of the United States may require further documentation. If English is not a student's first language, additional testing and assessments may be required. Please contact an admissions counselor for details.
